

SimObject

```
classDiagram
    class SimObject
    class X86IntSourcePin
    X86IntSourcePin --|> SimObject
```

A UML class diagram showing an inheritance relationship. The class 'SimObject' is at the top, and 'X86IntSourcePin' is at the bottom. A vertical arrow points from 'X86IntSourcePin' up to 'SimObject', indicating that 'X86IntSourcePin' inherits from 'SimObject'.
