

RefCounted

FaultBase

X86FaultBase

X86Fault

SegmentNotPresent

```
graph BT; SegmentNotPresent --> X86Fault; X86Fault --> X86FaultBase; X86FaultBase --> FaultBase; FaultBase --> RefCounted;
```

The diagram illustrates a vertical hierarchy of five classes, each enclosed in a rectangular box. The classes are arranged from bottom to top: SegmentNotPresent, X86Fault, X86FaultBase, FaultBase, and RefCounted. Vertical arrows point upwards from each class to the one immediately above it, indicating an inheritance or specialization relationship. The text is rendered in a large, black, serif font.
